

Promoting the safe and effective use of powered access

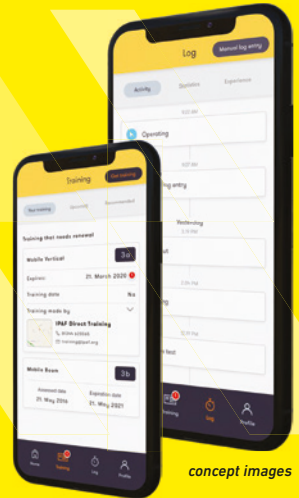

COMING SOON

THE PAL CARD ON A PHONE!

Get ready for the digitisation of PAL Cards via the new *ePAL* app

What is *ePAL*?

ePAL is the name of IPAF's new mobile phone app through which the PAL Card, and many other operator-focused features, can be accessed.

When is it available?

Launching in April 2021, new operators will download the *ePAL* app to access their digital PAL Cards, logbooks and safety guides.

www.ipaf.org/ePAL

Why is it being launched?

IPAF is committed to driving sustainable change in the industry. *ePAL* replaces the need for paper and plastic documents and licences, conveniently bringing them together in one place. Operators' qualifications and experience can easily be recorded, stored, and shared.

Promoting the safe and effective use of powered access

What are the benefits?

ePAL is highly convenient for operators and their employers – licences, qualifications and practical experience are easily shared from the operator's phone giving peace-of-mind in light of safety and security. Digital PAL Cards are also fraud smart and benefit from the extra security provided by a mobile phone's log-in measures. ePAL provides operators with access to the latest in safety information and best practice to help them be safer in their workplace.

Features

- Digital wallet for IPAF licences & qualifications
- Digital logbook for operators to record experience
- Safety updates
- Best practice tips & advice

Comments from Industry

"We look forward to the digitisation of PAL Cards and the features of the new IPAF operator app which support ease of use and operator safety. It is a great step forward in a number of ways: the use of technology, for sustainability, and operator communication."

Tony Seddon, Managing Director, Fall Arrest Safety Equipment Training (FASET)

"I welcome the introduction of ePAL and digital PAL Cards on site and the safety and security benefits they bring and are looking forward to the digitisation of PAL Cards and the features of the new IPAF operator app which support ease of use and operator safety."

Mark Atkinson, Health & Safety Manager, Newton Energi Ltd

"The introduction of ePAL and digital PAL Cards is another great integration of digital technology welcomed by VINCI Construction UK. As we embrace more digital technologies we become many things; more sustainable; better connected, more engaging and ultimately, efficient."

Alan Woodage, Health and Safety Manager, Taylor Woodrow
